## EXPERIENCE

### Fox Pool & Spa Services

can create almost any custom pool to suit the needs of your landscape and lifestyle. We understand an inground pool is a serious investment, and that's why we take pride in providing the highest quality products, coupled with superior customer service for a seamless process from beginning to end. Whether you're looking for the ideal staycation spot to host family and friends, a backyard escape to enjoy the long summer days, or a functional space to maximize exercise and fun, our inground pools are guaranteed to provide the experience you're looking for.

We transition your landscape from 'plain' to 'paradise' over a series of weeks. As with all construction, it may not be the most appealing process, but the beautiful new pool/spa system that will be the end result is sure to make a few weeks of digging, 100% worth it. **Check out our organized building process to see how we can change your yard right in front of your eyes!**

**All Fox Pool & Spa Services** pools are installed with independent plumbing lines unlike that of our competitors!

### OUR PROCESS:

#### 1 CONSTRUCTION MEETING

Once your land has been surveyed, financing secured, and permits obtained, one of our Representatives will meet with you with a pre-dig layout, and go over construction timeline and expectations. Your Representative will visit the site periodically to track progress.

#### 2 EXCAVATION

#### 3 WALL ASSEMBLY

#### 4 BACKFILL

#### 5 CONCRETE DECKING

#### 6 FINISHING THE BOTTOM

#### 7 INSTALLING THE LINER

#### 8 ENJOY!

We will provide a "pool school" orientation with you so you feel confident and comfortable maintaining your new pool. **Come see us for water tests, chemicals, equipment, and service at our store locations in York or Schuylkill Haven for the lifetime of your pool!**

An aerial view of a backyard pool area. The pool is rectangular with a blue interior and is surrounded by a grey stone patio. There are several lounge chairs with blue and white striped pillows around the pool. A large fire pit with a fire is on the right side of the patio. A pergola with a dark roof and white columns is on the left. The background shows a green lawn and trees.

# WE GUARANTEE,

Superior customer service, design expertise, and generous hospitality provided at every step of your pool build.

# OUR SYSTEMS

# X-BRACE™

## X-BRACE CONSTRUCTION SYSTEM PROVIDES A POOL THAT IS SELF-SUPPORTING, WITH OR WITHOUT WATER.

We utilize some of the same technology used in building bridges, tall buildings, water towers and other structures that require durability & strength against high stress.

Your swimming pool holds thousands of gallons of water while holding back thousands of pounds of earth. In order to ensure structural integrity over many years, it is important that your pool walls will remain intact, regardless of the external forces. With X-Brace™ technology, you get just that. Patented by Fox Pool, the X-Brace™ structure provides 100% support for your pool walls and pool deck without concern for internal and external pressures.

*Patented by Fox and perfected over the years, the Time Tested Engineering principle has been authenticated in an exclusive Engineering Report, prepared by an independent engineering firm, proving the Fox X-Brace™ structural integrity is as we claim.*

### X-BRACE DETAILS

- Pool panels are supported every 2 feet by welded-on Z Bar stiffeners.
- The X-Braces™ are bolted to panels using heavy duty corrosion resistant bolts.
- Steel rods and "S" hooks anchor the X-Braces™ and the pool wall to the ground.
- A concrete footer or foundation is poured around the perimeter of the pool, creating a permanent "foundation."
- Pool can be backfilled with or without water.
- Reinforcing rod is added to connect the top of the X-Braces™ to the deck structure.
- The concrete deck encapsulates the X-Braces™ and reinforcing rod to form a unitary structure.
- Backfill settles over time, forming a thermal barrier between the deck and the ground to protect against frost upheaval.

## GIVE YOUR POOL A LIFETIME PROTECTION WITH THE EXCLUSIVE FOXGARD® FUSION-BONDED SYSTEM.

For superior strength, we take an extra step when it comes to manufacturing pools. Each piece of 14-gauge pre-galvanized steel is completely encapsulated, front and back, with a special powder coating. This coating is fusion-bonded to the steel at 400 degrees to seal it and lock out rust and corrosion.

### BENEFITS

- Complete rust-resistant coverage over welds, corners, and edges
- Fusion-bonding pre-galvanized steel ensures a strong union for lasting protection
- State-of-the-art electrostatic application prevents drips, sags, or other surface imperfections
- Chip and crack resistant surfaces
- Endures ASTM B117-73 salt spray test requirements for 2,500 hours

# CUSTOM BACKYARDS

by *Design Services*

There are those who want an outdoor space to occasionally gather with friends and family, then there are those who want **MORE**.

*That's where we come in.*

Fox Pool & Spa Design Services quite literally *builds the backyard dream*. From pools, to spas, hardscaping, landscaping, and more, we do it all – *yes, really... ALL.*

Every step of the design process is customizable to your style and landscape requirements so your personal piece of paradise is as functional and safe as it is visually impressive. Our Designer and partnering Contractor Team work with you through every step of the process to seamlessly bring your dream to life right in front of your eyes. Your backyard is a blank slate of possibility, and want to help you make the most of your space so you can spend it with those that mean the most to you. Forget the narrative in your mind of what your backyard *could* potentially be, and let us turn it into

*everything it can be.*

# HAY WARD PRODUCTS:

- OmniPL Salt Automation System
- TriStar 900 or TriStar 950 2 HP Variable Speed Pump
- 275 BTU Gas Heater Cupro Nickel Heat Exchanger
- 2 LED Color Changing Lights
- Quad 325 Cartridge or 24" Sand Filter

## STANDARD & CUSTOM POOLS

We can take essentially any design/freeform shape you envision, and turn it into a feasible drawing for our Builders.

## SPAS/HOT TUBS

Extend the essence of comfort and tranquility into your staycation space with a Hydropool Luxury Hot Tub or Fox Pool Luxury Spa System.

## WATER FEATURES

**Add visual movement, additional lighting, and FUN** when choosing decorative water features.

## HARDSCAPING

Allow our expertise to guide you in choosing a design and products that extend the comfort and hospitality from your home to your backyard.

## LANDSCAPING

We offer landscaping that is conducive to your new backyard layout, as well as 'support and care' documentation so you're able to maintain your landscaping choices for years to come.

## STRUCTURES

It's the added structures, build-ins and amenities that can quite literally, take your oasis to the next level. Consider your staycation space as an extension of your home.
